

REMARKS/ARGUMENTS

The specification has been amended to assign SEQ ID NO:'s to sequences in need thereof.

Applicants submit herewith a substitute Sequence Listing and a corresponding computer-readable substitute Sequence Listing. The sequence information recorded in the corresponding computer-readable substitute Sequence Listing is identical to the paper copy of the substitute Sequence Listing. Support for all of the sequences listed in the substitute Sequence Listing is found in the present application as originally filed. No new matter is believed to have been introduced by the submission of the substitute Sequence Listing, the corresponding computer-readable substitute Sequence Listing, and the amendments to the specification.

Applicants submit that the present application is ready for examination on the merits. Early notice to this effect is earnestly solicited.

Respectfully submitted,
